

QUAD CAMERA DISPLAY - 3RD-LCD-QUAD-9

Monitor exactly what's happening behind you with quad camera technology.

Peace of mind that the bin behind you is full or the chain drive is still turning and delivering fertiliser to the ground.

- 9" LCD Screen can show up to 4 cameras at once, simultaneously, or in any combination.
- Easy to install and use.
- Standard 4p circular connectors on the harness.
- Remote Control included.
- Bracket and mounting hardware included.

Cameras Also Available:

- Easy to install.
- Infrared LED's for night vision.
- Mounting hardware included.
